

# At home Task 1

In your last term at your primary school. We want you to think about a piece of work you have done in school that you are really proud about.

This could be for the: design, content, challenge or something you felt passionate about.

Ask your teacher if you can bring it with you to Crossley Heath in September

# At home Task 2

## SUMMER Project

**Your task is to produce an “All About Me” page** that can be used on the first day of school as part of your new form induction with your tutor.

What you include in here is up to you but I've put a few ideas down to give you a start...

- Who your family members are (who you live with)
- Which primary school you came from and what you are going to miss about it
- What are you most looking forward to at Crossley Heath?
- What are your hobbies/likes/dislikes?
- What are your ambitions (whilst at Crossley Heath/After Crossley Heath – if you can think that far ahead!)
- Do you have any pets?
- Have you ever met anyone famous?
- Any other information you think might be good to help people know a bit more about you.

The image shows a template for an 'All about me' page. It has a green border and several sections for writing and drawing. The sections are: 'All about \_\_\_\_\_', 'I am \_\_\_\_\_ years old', 'One thing I like is...', 'One thing I don't like is...', 'This is my family', 'My favourite colour is', 'A word that describes me...', and 'When I grow up I want to be...'. There is also a small drawing of a picture frame.

We would also like you to read a book of your choice and write a brief review about it...

(you could pick one from the English reading list)

What was it about and when/where was it set?

Which character did you like/dislike the most?

Did you enjoy it? Why/why not?

- How you present this task is up to you too...
- You could handwrite/draw it on a piece of paper/card
- You can add pictures/photos
- You can use your computer skills if you have access to one

✓ Your completed task needs to be brought to school with you on your first day with us in September

### **My Summer Book: The Boy on the Wooden Box. By Leon Leyson**

Leon was only 10 when the Nazis invaded Poland and his family was forced to relocate to the Krakow ghetto. With incredible luck, perseverance, and grit, Leyson was able to survive the Nazis. Ultimately, it was the generosity and cunning of one man, a man named Oskar Schindler, who saved Leon Leyson's life, and the lives of his mother, his father, and two of his four siblings, by adding their names to his list of workers in his factory--a list that became world renowned: Schindler's List. Leon was the youngest person Schindler saved. He needed to be on a wooden box in order to work the machinery in Schindler's factory
