The Death of the High Street

Read through the GeoFactsheet and answer the following questions below:

Why is the 'Death of the High Street; being cited as an issue in the UK?

'Economic factors are the reason the High Street is facing such a decline' Assess the extent that you agree with the statement, please use evidence where necessary.

There are many plans in place to save the High Street, identify 3 ideas that you think could be successful and explain why.

Do you think it is the end of the High Street as we know it? Why?

Final Task - Bring to the first lesson two pieces of wider reading that you think links to the urban environments – Please have some notes prepared about why you picked the articles and how it links to urban areas.
