Dear Parent/Guardian

Biology Field Trip to Betws-y-Coed, Wales

In the interests of safety for all our staff and students I have decided to cancel the Biology Field-trip which was due to take place in July. I appreciate that there will be some disappointment caused by this decision but I don't want parents to have to make any further payments or have the constant uncertainty as to what the arrangements might be.

The next stage will be to obtain a refund. I am advised that this may take some time to process and I ask for your patience whilst this takes place.

I am extremely disappointed that I have to make this decision, but hope you will support the view that safety has to be paramount in these uncertain times. Currently, Biology work is being set weekly to ensure the syllabus is covered and to ensure the best possible opportunity for our students. Please rest assured that we will include the work from the field trip in the curriculum during the summer and autumn term and students will not be disadvantaged because of these difficult times.

If you have any further questions, please do not hesitate to contact me via email.

Yours sincerely

Pamela Lea
Head of Biology
