PARTNER WITH CROSSLEY HEATH SPORT

# INTRODUCTION TO CROSSLEY HEATH SPORT

We are so proud of the sporting achievements of our students past and present.

To support our future sports men and women, we therefore have a wide range of sponsorship opportunities which we hope our community will be motivated to support.

Our use of any funding raised would be based on the values of kindness to support the most disadvantaged students to enjoy sport, courage to promote team sport at the heart of our school and achieving sporting excellence. We are a charity (Charity number 1043362) and every ounce of support goes directly to our children.

# Benefits of sponsoring us:

Being associated with a sporting heritage that produces international competitors and teams long remembered in local legend.

A positive reputation for your organisation by sponsoring a diverse and successful school.

Advertisement to thousands of students, family members, community connections and alumni as a supporter of the Crossley Heath school family.

Our thanks for your kindness will also include recognition on our legacy board (a display in school, thanking those who donate significant funds to our school and children).

Crossley Heath has sporting heritage to be proud of and an exciting future ahead. This sponsorship booklet offers the opportunity for people and businesses to use sponsorship as a form of advertising, yet most of all it tries to appeal to the kindness of anyone able to support our students through championing sport.

# OUR ACHIEVEMENTS

Crossley Heath sporting highlights of last year alone included seeing Max Burgin racing into the final of the 800m at the Paris Olympics, welcoming Olympic medallist Sophie Cox to our Sports Presentation evening to present awards, such as the West Yorkshire indoor cricket trophy to our team as well as Connor Bainbridge representing GB in Olympics in Kite Boarding.

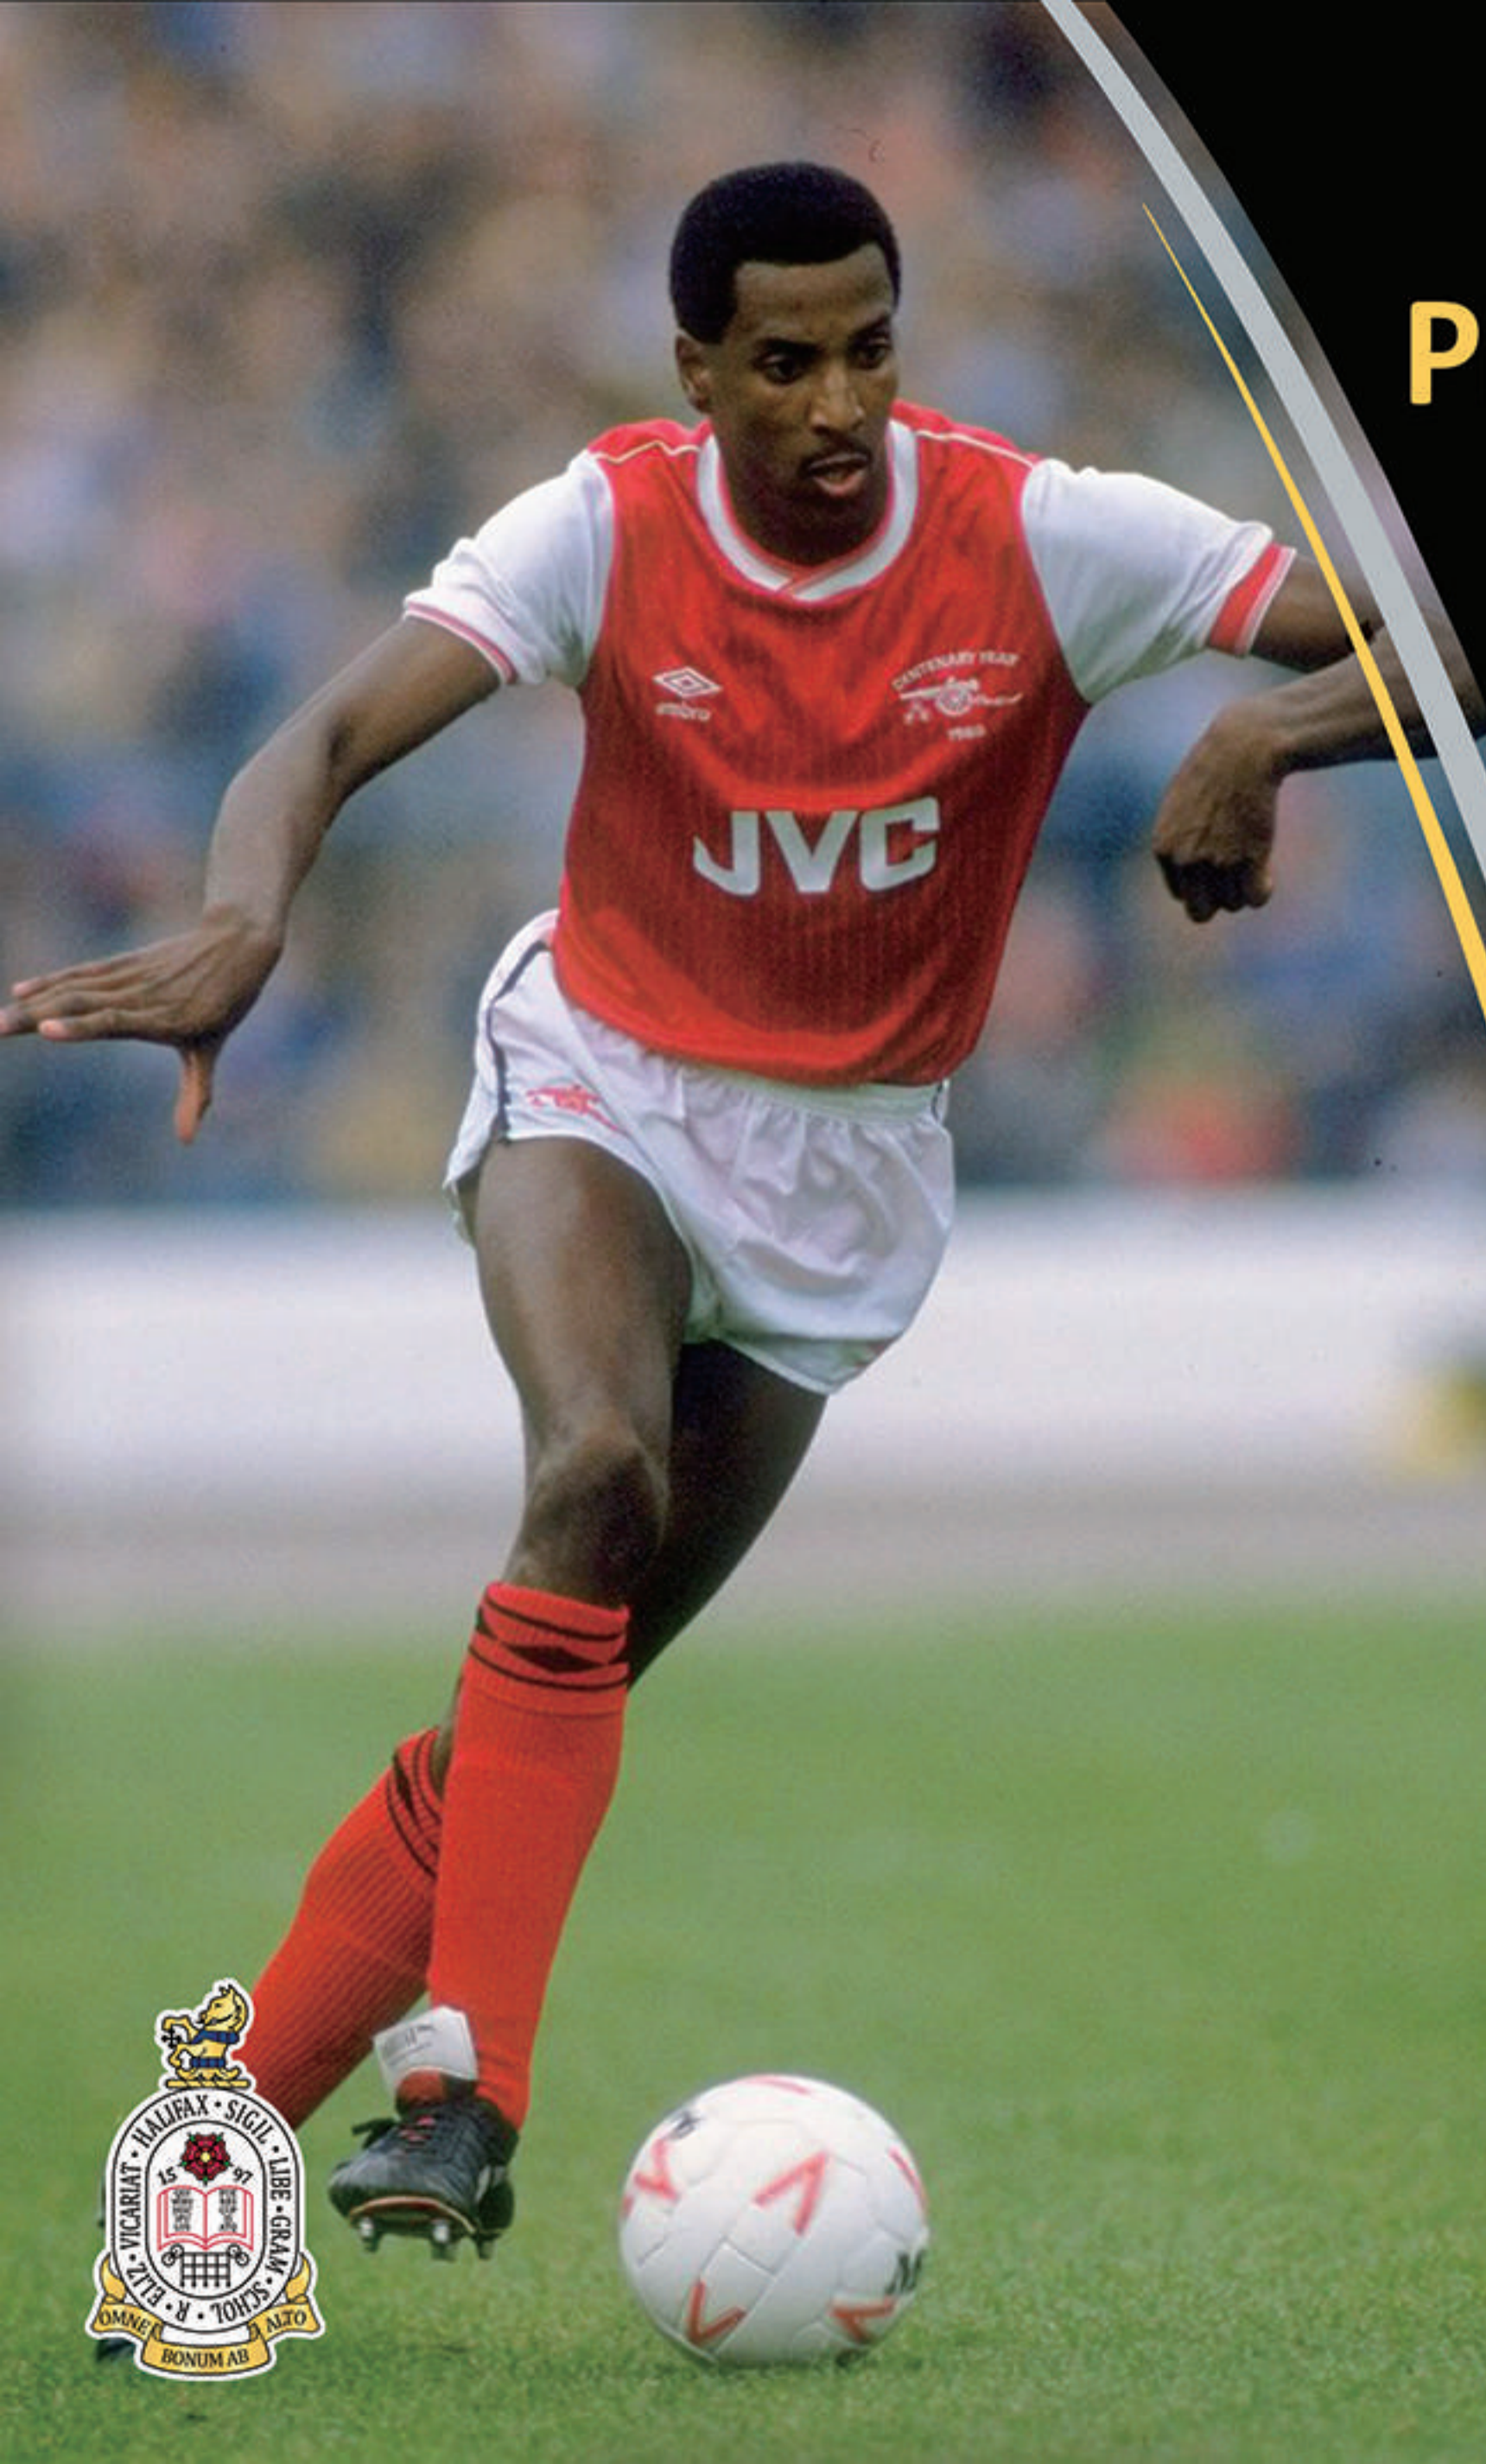

# SPONSORING INDIVIDUAL STUDENTS

Individual businesses and organisations may wish to sponsor some of our elite sportspeople and include their logo or other branding on their clothing and social media marketing posts.

We have national level performers in badminton, martial arts, ice hockey, dance, ice skating, table tennis, triathlon and many more.

# PROUD SPORTING HERITAGE

This year we have over 20 teams competing at regional level in our major sports of rugby, netball and football.

We have a boys Rugby Tour to Canada in October 2025, as well as a girls football & netball tour to Dubai/Abu Dhabi.

Furthermore, in March England's first black international footballer, Viv Anderson (Right), will be here in front of the nation's media unveiling a plaque in honour of the world's first black international footballer, Andrew Watson (Below), who attended Heath school.

# DISADVANTAGED STUDENT TOUR SPONSORSHIP

We aim for every single student, regardless of background to be able to take part in the sporting opportunities our school offers. However, the reality is that the high cost of an international tour makes it very difficult for some families to support their child to go. As a school, we pledge to fund £250 of a school trip for a child on Free School Meals in every one of their years in our school.

We also expect all students to be able to raise some of the funds for a sports tour through seeking their own sponsorship and any appropriate work such as paper rounds. Despite this, some students come from households without the financial resources to support the full cost of a tour. Therefore, any sponsorship to help part fund a place on tour for a disadvantaged student would allow the trip of a lifetime to be open to all students.
